Up-stream of the Kathjori river and thus pollute the shallow water and make it a source of danger to the public health. Cholera has made its appearance in this town at a very early date with no less violence and the Southern part of the town has been affected to a greater extent than the other parts and this is perhaps due to pollution of river water by the washermen to some extent. I would therefore request you to invite the attention of the Municipal authorities in this matter so that the long standing practice of washermen to cleanse and wash clothes in the up-stream of Kathjori river near Satichowra is prohibited for the benefit of public health if not for the sake of prejudice,

Salam

"India is the land of salam" said General Dyer. It reminds us of an occurrence in Orissa and it was a notorious incident. A certain Principal of the Ravenshaw College happened to be on his Golf or Cricket Ground and some of the minor Chiefs of the Orissa Feudatory States who were students of the Collegiate School came happened to pass through driving and they happened to be "wha-vis". The Minor Chiefs did not "Salam" the Principal. In the class room the day following they were flogged, the rest we leave our readers to imagine than to describe. General Dyer is entirely not absolutely right in his assertion that "India is a or is the land of Salam". "Salam or whip" as the "Amrita Bazar" says. But the then Principal was one of the most sympathetic and kind-hearted men and extremely popular among his pupils. But is it not a fact that Englishmen possess some of the highest qualities of humanity but some of them have also tacit idiosyncrasies and eccentricities which run riot with their good sense.

Crawl

We are reading astounding stories, evidences, paras, paragraphs, leaders and leaderettes re "crawl" in the Punjab connected with Sherwood's assault. What is the matter there? A lady the benevolent was ignored and assaulted by an excited and a rebellious mob and it is not to be expected that Britles, this sort of "crawl" once more the capt of Law blood are and female children and when the time for the Indians whether mutilated or not were made to lick the blood stains in the walls and floors. They say the world has advanced. Perhaps so, but not human nature. For instance the War and the Punjab affair.

Peace celebration

We have in our Vernacular columns published the details of the programme of the Peace celebration in this town and we have much pleasure in publishing the letter which we received from the Hon'ble Mr. M. S. Das.

Dear Sir,
The Executive Committee, (appointed at a public meeting) at their meeting held on 26th November 1919 passed the following resolution:-

"Resolved that printed requests from this Committee under the signature of the Hon'ble Mr. Das be issued to the people to organise prayers in the Hindu, Mahomedan, Christian, Brahma and other places of worship."

The war cost millions of valuable lives, it robbed mankind of some of its most valuable treasures.

Some of the best men whose life, energy and devotion to noble causes had enriched humanity and would have in future added to the store of human knowledge lost their lives in the war. The war swept over the whole world bringing poverty to every door, and inflicting its sufferings on all men, women and even innocent babes. It has pleased God to vouch safe peace to mankind.

It is proper that we should realize how dependant man's destiny is on Divine will. The occasion calls for an awakening of the most noble instincts of human nature and while those instincts are uppermost the human soul should commune with its Creator.

His Majesty the King Emperor wishes that all his subjects should pray to God for His peace, each in a place consecrated for worship according to the teachings and rituals of his faith - the Christian in church, the Hindu in temple, the Mahomedan in mosque, the Brahma in "mandir" and other religiousists in the places consecrated by them for worship. The Local Government have appointed next Sunday the 1st December for this universal prayer. In reference to the direction of the Committee as contained in the resolution quoted above, it is my pleasant duty to solicit your hearty co-operation in this humanity's communion with our Creator and the source of all blessing.

Allow me to place my humble services at your disposal should you require them in your labours in this connection.

Yours sincerely

MANINDRA CHANDRA NAND

An Appeal.

The Hindu Community of India. For the repairs of the Temples of Bhubaneswar and the sacred tank Bindoo-Sarovar.

Bhubaneswar or Ekamra Kanan is one of the holiest shrines in India. As the favourite retreat of Lord Maheswar, the unique earthly seat of Hari and Hari the rival of Baranasi in fame and sanctity it is well known far centuries to the descendants of the Hindu Aryan race. Besides being a popular place of pilgrimage, it is full of interest to the antiquarians and the archaeologist, and the seekers of health find a panacea in the medicinal spring waters of Kedar Kund. The Purana trace the foundation of this holy shrine to Treta yuga or the second historical researches of the 6th century leaving Puranic records.

Outside the history of Orissa as a independent Kingdom in India, practically begins from the accession of the Kesari or Lion dynasty and the famous temples of Bhubaneswar are the noblest and the loftiest mafe relics of the commencement of that glorious era. Jajati Kesari, the first king of the Kesari dynasty began the construction of the lofty temple about 500 A. D. and this was completed by Jalatendu Kesari, fourth of the line in 675 A. D. In artistic purity and exquisite architectural designs these temples have very few superiors. Of the numerous shrines which once clustered round the sacred tank, Bindoo Sarovar, only a few hundreds now survive; and these are more or less in ruins. Until lately the benign Government took charge of some minor temples under the Protected Monuments Act and preserved them in a fairly good condition. The most important ones however, and the sacred Sarovar which contains drops of the holy water of all the Tirthas in India have unfortunately been the victims of decay. Should we in these days of awakened national consciousness suffer these artistic specimens of devotional culture to be a mere dream of the past and cry of repentance to our posterity? The cost of repairs of the main temples and the restoration of the sacred tank Bindoo Sarovar has been estimated at THREE LAKHS of rupees and we appeal to the religious sentiment and the aesthetic culture of the Hindu Community to render liberal help to preserve these superb specimens of Hindu devotional architecture, the ruin of which will undoubtedly leave an indelible stain on our national life. All contributions will be thankfully received and acknowledged by the Secretary of the Committee.
