No. 370 Notice
The new academic year of the Orissa Medical School, will commence on or soon after June 10th 1920.
Candidates for admission to the Orissa Medical School, Cuttack, must

ଉତ୍କଳ ବିଦ୍ୟାଳୟ

Admission to the Local College.

In the Bihar and Orissa Gazette of 21-1-20, we find a notice published under the signature of the Principal of the Ravenshaw College of his intention to the effect that students who desire admission or re-admission to any class in the College must send a written application for admission in the prescribed form within a week from the date of the publication of the University results. It is the rule for the re-admission of students for admission within a week from the date of publication of the results be merely formal, there is nothing to be said against it. But if the applications for admission submitted beyond the prescribed period of a week only from the date of the publication of University results be rejected, it must be said that the period of only one week is barely sufficient. Most of the students who appeared at the University Examinations must beat home at the time when the results are published, some of them live in villages which is visited by the post man once or twice a week. It is not possible for them to know the results of the Examinations as soon as they are published. Moreover Matriculation passed students have to obtain a transfer certificate from the Headmaster of the schools from which they appeared. All these require time. It is only such students as live in towns who are expected to know the Examination results earlier. We hope the rule of submitting the application for admission is not a hard and fast one nor does it think any useful purpose will be served by strict adherence to such a rule. The Ravenshaw College is the only College in Orissa and it has a definite number of seats for accommodation. Genuine Orissa students or those who are domiciled in this province must have the first claim. In these circumstances why should the date of submitting applications be restricted to a small period of one week only. Some of the guardians of the students a day or two ago came to our office to enquire whether such a notice had really been issued. The Bihar and Orissa Gazette is not available to everybody. In order to make the notice more public it ought to have been published in the local papers. We draw the attention of the Principal to these facts and hope that the date of receiving applications for admission would be extended to a reasonably longer period.
